

# Basic Value Adder

**An Economical Value Transfer Machine  
That Allows the User to Add Value to a MoneyCard with Cash**

The Basic Value Adder (BVA) is ESD's solution when size, simplicity and price are the major considerations. This straightforward, compact VTM adds value to a SmartCard with cash and it features user friendly graphics and a cabinet that was designed with security as the primary goal; it is available with either front, or rear access. This popular VTM can be found in thousands of Multi-housing installations where adding value to smart cards with cash is all that is required.

**Front Access — 11-100-012**  
**Rear Access — 11-100-013**

**Basic Value Adder Benefits:**

- ✓ **Compact Size**
- ✓ **Economically Priced**
- ✓ **Easy to Collect**
- ✓ **Can be Easily Installed**
